
ALEKSI CAMPAGNE

SINGER/SONGWRITER & MULTI-INSTRUMENTALIST

RIDER

Aleksi Campagne would like water on stage, preferably non-disposable glasses or bottles with tap water. If food is provided, Stephane is allergic to cilantro/coriander, and Zach is vegetarian (but still eats seafood).

STAGE PLOT

4 musicians:

1. Lead vocal, violin (DI, AC power) and Mandolin (DI)
2. Backup vocal, Bass (upright if provided)(DI, AC power)
3. Electric guitar (amp with line out), Acoustic guitar (DI) and small synth (DI)
4. Drums, backup vocal

If a backline is being provided, the preferred electric guitar amp would be a Fender Deluxe Reverb or Fender Princeton Reverb, or other another Class A tube amp. Please provide a bass amp. If an upright bass with a pickup is provided (ideal), it will only need an XLR line in from our pre-amp.

One monitor for each musician if possible. If only three monitors, omit electric guitarist (Zach) monitor.
