19-20 Harman street, apt. 2016
Ridgewood, Queens, NY. 11385

RIDER

Aleksi would like water on stage, preferably non-disposable glasses or bottles with tap water. If food is provided, Zach is vegetarian, and Stephane is allergic to cilantro/coriandre.

We will play with the equipment that is available, but if there is a choice, we prefer a tube amp like a Fender Deluxe Reverb, a Fender Princeton Reverb, or something similar for the guitar.

STAGE PLOT

4 musicians:

1. Lead vocal, violin/mandolin (same DI for both, will mute from stage, AC power)
2. Backup vocal, Bass guitar (DI, AC power)
3. Electric Guitar (amp with line out, AC power), Acoustic Guitar (DI,)
4. Drums, backup vocal

One monitor for each musician if possible. If only three monitors, omit electric guitarist monitor. If provided with an upright bass, no electric bass, only a line in through our pre-amp.
